MORAVIA'S MOST PHOTOGENIC CASTLE

Pernštejn Castle sits on a high rock. Over eight centuries, even the fiercest conquerors could not manage to conquer it. Take a tour of the castle garden – on your own or with a guide. Visitors with limited mobility have also been considered. You will see charming small buildings, such as a Chinese pavilion, a hermitage and a Turkish bath.

Extra tip: Go to Pernštejn with your kids! They will be excited about the tour called The White Lady Has Got Lost. A game called The Beads of Elisa the Chambermaid is also popular, this is a simple object-hunting game for the whole family. Follow the Pernštejn nature trail, go along one of the bike trails around Tišnov and make a stop at the Porta Coeli Convent.
