A **city** with a proud tradition of medical research

Brno is a city of innovation and research. And medicine is no exception. The Simulation Centre at Masaryk University's First Faculty of Medicine is the most advanced facility of its kind in Europe, attracting talented medical and dental students from home and abroad. Brno is also home to the Central European Institute of Technology (CEITEC), one of the most advanced research facilities in Central Europe run by a consortium of 6 Brno universities and research institutions.

South Moravia Rich nature and cultural heritage

The city is also abundant in green areas, including a number of fabulous parks with fountains as well as sports and recreation areas. Discover the unique appeal of Brno for yourself and fall in love with Czech Republic's most charming city and its surroundings. South Moravia region is a beautiful wine region after all. Moreover, Moravian traditions are spectacular. Colourful dancing, singing and good food. Even our ancestors knew how to live.

Ophthalmology

Better **vision** in sight

Corrective treatment of eye conditions requires the highest level of medical care. Our clinics use only the most advanced methods and equipment to ensure a safe and successful medical procedure. Due to its generous price and highest standard quality, laser eye procedures are very popular in Brno among locals and foreigners.

Tip: Špilberk castle, Znojmo castle, Veverí castle and pretty much every corner of South Moravia region offers magnificent vistas you can fall in love with after quick and painless medical procedure.

IVF

From hope to **reality**

The genetic and fertility medical care in Brno rank among the best in Central Europe. So even if you haven't had luck elsewhere, Brno's best-in-class IVF programmes offer you every chance of success. Our partnered clinics offer personal approach and individual solution so you will feel welcome in one of the safest historic cities world-wide.

Tip: Traveling with your partner is very recommended as there are many quality restaurants where you can spend a romantic evening together.

Orthopedics

Rediscover the joy of **movement**

Our partnered orthopedics specialized centre is considered one of the leading centres for scoliosis treatment and joint replacement in Central Europe. The best available technology and a great history and expertise in the field is what specifies our partners. The lower price and nearly no waiting queue is just a bonus.

Tip: Our body is what brings us to move and experience the wonders of the world. It would be a shame to miss out on all beautiful places because of a painful movement. South Moravia popular wine tourism might be just for you after a knee replacement.

Dental care

Let your **smile** shine again

It's never too late to take care of your dental health. In Brno, we provide you with personal treatment and most advanced methods at an amazing price to quality ratio. From preventive care to necrosis treatment, our clinics in Brno offer a wide range of procedures with one goal in mind - restoring confidence to your smile.

Tip: After dental procedures from Brno's top specialists you might want to experience more of what world has to offer. Why not start here in Brno and enjoy rich South Moravian gastronomy?

Plastic surgery

To bring some volume to your confidence

Plastic surgery and dermatology treatment with high quality standard done by well expertised professionals at lower price than you might be used to. That is why plastic surgery is so popular among foreigners. Aesthetic medicine is well known for precision and great looking results which is what our partnered clinics specifies the best.

Tip: The provided medical care of Brno's experts in plastic surgery and dermatology is usually combined with a clinic's coordinator service which will make your stay a perfectly pleasant experience wether alone or with company.

Cardiology

Protect yourself from stroke

Our partnered clinic, Czech Medical Center, is a member of a number of prestigious international cardiology organisations. All medical procedures are carried out at University Hospital Brno which every year performs thousands of coronary artery examinations, percutaneous coronary interventions and radiofrequency ablations for the treatment of arrhythmias.

Tip: Brno is one of the safest cities world-wide full of medical research and tourism attractions and ongoing events. It is very easy to fall in love with Brno, even more easier with a healthy heart.

Enjoy your stay in our Hotels

It is all about your comfort and wellbeing. Brno should be enjoyed without any difficulties and stress, therefore we are working only with the best hotels and accommodations. Is it a lively city centre outside and a quiet sanctuary inside you seek? Or would you rather prefer an oasis with wellness a centre right next to a beautiful water reservoir.

Perfect hospitality management and a strong motivation for a tourist satisfaction is what connects them all. We highly recommend checking them all.
